

## DATA AIRE HUMIDIFIER RETROFIT KITS ARE AVAILABLE!

- ◆ On older Data Aire equipment, after many years of operation, steam-electrode humidifiers often need more than a standard cylinder change out.
- ◆ Complete new humidifier assemblies are available at very reasonable prices. These assemblies include new fill and drain valves, cylinders, control boards and housings.
- ◆ Remote technical support for post-installation assistance is also available.

For further details, please contact us at **1-747-257-0520, ext. 1**, or **[info@cracpartsandservice.com](mailto:info@cracpartsandservice.com)**. As former Condair /Nortec agents, we have the experience and knowledge to properly address humidification issues. Thank you.
